### **Chair Reports:**

Barrel planting went well. Arrow donated several extra flats of plants and the barrels are looking good. A thank you card was passed to sign and send to Arrow for their help and generosity.

### **Unfinished Business:**

Preparations are ongoing for **Art In Bloom** July 16th, with a private auction being held July 15. **Lynne Smith** needs help cooking the night before the auction for desserts that will be served. Please contact her if you are able to give a hand. A sign up sheet was passed for people able to work the club booth on the 16th and also for members to list items they might be donating for sale at the booth or for the auction. **Diane Mettler**, on speaker phone, requested items for the auction, vintage type and garden related. **Nancy Schank** will be donating bonsai type containers for us to plant up as table centerpieces and then to be auctioned. There will be 6-8 tables to decorate. **Kathy M** will be working on this also as she has plants that could be used. **Sharon Aguilar** suggested more containers for cut flowers to sell at our booth. She also suggested we could check with somewhere like Safeway to see if we might obtain plastic sleeves to put sold bouquets into. **Nancy** has jars we could have to make bouquets up in. We also have several wire frames left over from table decorations that we could plant up to sell. **Kathleen Owen** says she has lots of moss if needed. **Rosie** had a suggestion of a gardener's hand scrub we could make to sell for possibly \$5? for an 8 oz jar. If fabric is needed to decorate tops of jar lids, **Kathleen** says she has lots of fabric to use. Recipe to follow. Next planning meeting to be held next week.

A signup sheet was sent around from **Sheri Slayton** for volunteers for the **Pierce County Fair** in August. Contact her if you are able to help out.

**Lynne Smith** volunteered to have the September club meeting at her house.
